

COUNCIL ACTION FORM

SUBJECT: WATER AND SEWER RATE ADJUSTMENTS

BACKGROUND:

On March 26, 2013, staff presented Council with an overview of the Water and Sewer Funds. **At the conclusion of the presentation, Council directed staff to prepare a rate increase ordinance to increase water rates by 6% and sewer rates by 9%. Both rate increases are to be “across-the-board” and will be effective for utility bills mailed on and after July 1, 2013.**

The attached ordinance accomplished the Council’s direction and is ready for Council approval.

ALTERNATIVES:

1. Approve the attached rate ordinance, thereby increasing water rates by 6% and sewer rates by 9% effective July 1, 2013.
2. Direct staff to make modifications to the rate ordinance.
3. Do not take any action to adjust water and sewer rates at this time.

MANAGER’S RECOMMENDED ACTION:

The proposed rate increases are necessary to fund the on-going operations and maintenance budget, plus the anticipated capital improvements projects for the two utilities. While Council is taking no action at this time on future-year rate increases, it is important to note that additional increases in future years will also be necessary to fully fund the Capital Improvements Plan for these utilities.

Therefore, it is the recommendation of the City Manager that the City Council adopt Alternative No. 1, thereby approving the attached rate ordinance increasing water rates by 6% and sewer rates by 9% effective July 1, 2013.
