

**AMES AREA METROPOLITAN PLANNING ORGANIZATION (AAMPO)
TRANSPORTATION POLICY COMMITTEE ACTION FORM**

SUBJECT: APPROVAL OF IOWA CLEAN AIR ATTAINMENT PROGRAM GRANT RESOLUTIONS

BACKGROUND:

The Iowa's Clean Air Attainment Program (ICAAP) helps to fund transportation projects and programs that result in attaining or maintaining the national ambient air quality standards (NAAQS). While the Ames Area MPO is "in attainment" of the NAAQS, ICAAP funds are available for projects in the area which result in reductions in vehicle emissions and traffic congestion.

The Ames Area MPO is required to review potential ICAAP applications for the following three items: 1) completeness; 2) financial feasibility; and 3) conformity with Ames Area MPO transportation planning processes and plan. If these three items criteria are met, the MPO is to adopt formal resolutions stating that the proposed projects conform to the regional transportation plan. These resolutions are needed by the project sponsors to submit their project to the Iowa Department of Transportation for consideration. Project sponsors are responsible for delivering their completed application to the Iowa Department of Transportation by the State deadline of October 1, 2018. **The project sponsor, CyRide, will be responsible for financing the local match.**

The following projects have been submitted to the Ames Area MPO for the FY 2020 ICAAP grant cycle:

Project Sponsor	Project Name (In prioritized order)	ICAAP Request	Total Project Cost
CyRide	1. West Ames Changes (#12 Lilac New Route & Lilac bus expansion; Added Frequency of Service: #1 Red, #7 Purple, #11 Cherry)	\$702,848	\$905,817
	2. #9 Plum Summers & ISU Breakdays	\$49,044	\$61,587
	3. #5 Yellow Midday Service	\$47,473	\$59,341

ALTERNATIVES:

1. Certify that the projects shown in the Iowa Clean Air Attainment Program grant application conform to the MPO's regional transportation planning process.
2. Do not move forward with approving either of both grant applications.

ADMINISTRATOR'S RECOMMENDED ACTION:

The Ames Area MPO Transportation Technical Committee has reviewed the proposed grant applications and unanimously recommended approval. The work accomplished under this grant could lead to future ICAAP funding that will free up local funds to be reprioritized for other local regional projects.

Therefore, the Administrator recommends that the Transportation Policy Committee adopt Alternative No. 1 as described above.
