

COUNCIL ACTION FORM

**SUBJECT: **SCAFFOLDING AND RELATED SERVICES AND SUPPLY
CONTRACT FOR POWER PLANT REPORT OF BIDS****

BACKGROUND:

On September 25, 2018, City Council approved preliminary plans and specifications for the Scaffolding and Related Services and Supplies Contract. This contract is for a contractor to provide and install scaffolding, bracing and fall protection when needed at the City's Power Plant.

This contract is to provide power plant maintenance services for the period following final City Council approval of contract and performance bond through June 30, 2019. This strategy will enable future renewals to coincide with the City's fiscal year. The contract includes a provision that would allow the City to renew the contract for up to four additional one-year terms.

Bid documents were issued to twelve firms and three plan rooms. The bid was advertised on the Current Bid Opportunities section of the Purchasing webpage and a Legal Notice was published on the websites of a contractor plan room service with statewide circulation and the Iowa League of Cities.

On October 24, 2018, two bids were received as shown on the attached report.

Electric Services staff needs additional time to evaluate the two bids to determine which one will provide these services at the lowest overall price.

The approved FY 2018/19 Power Plant operating budget includes \$70,000 for these services. Invoices will be based on contract rates for time and materials for services that are actually received.

ALTERNATIVES:

1. Accept the report of bids and delay award for the FY2018/19 Scaffolding and Related Services and Supplies Services Contract.
2. Award a contract to the apparent low bid.
3. Reject all bids and direct staff to rebid.

4. Offer a contract to the other bidder.

MANAGER'S RECOMMENDED ACTION:

This contract is needed to carry out emergency and routine scaffolding services at the Power Plant. The contract will establish rates for service and provide for guaranteed availability, thereby setting in place known rates for service.

By choosing alternative No. 1, staff will have enough time to evaluate each bid to ensure the City receives these services at the best price. Therefore, it is the recommendation of the City Manager that the City Council adopt Alternative #1 as stated above.
