COUNCIL ACTION FORM

SUBJECT: 2019/20 SANITARY SEWER REHABILITATION (MUNN WOODS) – CONSTRUCTION OBSERVATION/ADMINISTRATION SERVICES

BACKGROUND:

Normally, City construction inspection staff is responsible for field observation for Capital Improvement Plan projects totaling \$15 million. For the 2020 construction season, projects will total well over \$30M due to projects such as the Grand Avenue Extension, South 5th Street Extension, South Duff and South 16th Street Intersection Improvements, East Industrial Area Utility Extension, and Campustown Improvement. **Considering the unusually large workload in the coming construction season, proposals were solicited for contract construction observation services. In addition, this project utilizes more specialized rehabilitation methods than typically observed by staff. The selected firm will ensure compliance with the plans and specifications, provide civic engagement during construction, assist in the required SRF funding documentation, support project close out, and provide training/education for City staff on the rehabilitation methods outlined in the contract.**

Proposals for this work were received from two engineering firms on November 22, 2019 and were evaluated according to the following criteria: Project Understanding, Approach to Customer Service, Key Personnel, Relevant Experience, Ability to Perform Work, and References. Listed below, is the ranking based on this evaluation:

Firm	Qualifications Based Score	Fee	Final Rank
WHKS	92	\$ 147,800	1
FOX engineering	76	\$ 174,500	2

After weighing the capabilities and estimated fees for these two firms, staff has negotiated a contract with WHKS from Ames, Iowa. WHKS has scored the highest based on qualification and has the lowest fee. WHKS performed the design services, therefore, **WHKS has the most extensive project knowledge and insight.** The firm has also performed observation on multiple projects such as this as well as SRF-funded projects for the City of Ames. It is intended for WHKS team to also provide training to City Staff in these rehabilitation methods so that future projects can be administered by City Staff. Staff is confident that quality services will be delivered at the best value.

MANAGER'S RECOMMENDED ACTION:

Based on staff's evaluation using the above criteria, WHKS will provide the best value to the City for construction observation, documentation, and closeout of this project. This firm designed the project and has experience with the planned rehabilitation methods and SRF funded projects.

reasonable control, including but not limited to delays because of strikes, lockouts, work slowdowns or stoppages, accidents, acts of God, failure of any governmental or other regulatory authority to act in a timely manner, failure of Client to furnish timely information or approve or disapprove of WHKS' services or work product promptly, or delays caused by faulty performance by Client or by contractors of any level. When such delays beyond WHKS' reasonable control occur, Client agrees WHKS is not responsible for damages, nor shall WHKS be deemed to be in default of this Agreement.

22. Right to Retain Subconsultants

WHKS may use the services of subconsultants when, in the sole opinion of WHKS, it is appropriate and customary to do so. 27. Record Documents

If required in the Professional Services Agreement, WHKS shall, upon completion of the Work, compile for and deliver to the Client a reproducible set of Record Documents that are based upon the marked-up record drawings, addenda, change orders and other data furnished by the Contractor or other third parties. These Record Documents may show certain significant changes from the original design made during construction.
