Per Tim Gartin's suggestion to send this
Matt Shuey to: MayorCouncil

02/29/2020 03:47 PM

Can the city council PLEASE look at the intersection of South Wilmoth and Tripp.

Coming from the west, it is nearly impossible to know if you have traffic from the left or the right unless you ease out into the intersection from the stop sign for Tripp.

Maybe look into changing to four way stop signs?
Maybe flip the stop signs from Tripp to South Wilmoth?

Heck, while we're at it, how about Tripp and South Franklin?
Seems like folks have a hard time believing they have to yield to traffic on South Franklin.
