Hello,

Hayes Avenue between 20th and 24th street currently allows parking on both sides of the street. This causes traffic to get backed up often, especially at the start of the school day and the end of the school day (everyday) and is actually quite dangerous because people are in a hurry and will just plow their way through. I hope you can look into making Hayes Avenue so there is parking available on one side of the street only.

Thank you for your attention to this matter.
