Good afternoon,

I received the following concern related to speeds on Dotson Avenue and wanted to pass it on for consideration.

Thank you,
Anita

[External Email]

Good morning!

We live at 601 Dotson Drive, across from the middle school football field.

Vehicle speeds on this street can be described as excessive.

While Carla and I do enjoy the occasional motor sporting event, we prefer they not take place in our front yard.

Not wanting to present a problem without a solution, we suggest:

- * Consistent visible enforcement with motorists pulled over, flashing lights, etc.
- * A speed bump.
- * Speed radar activated spike strips. (this may be a tongue in cheek idea)

We reject speed cameras on principle.

Thank you for considering the issue.
