*Illustrative purposes only

Results of Non-Compliance

- High traffic areas
- Typically occur outside of working hours
- Cost to the City

Changes to Consider

- Municipal Infractions
 - Establish schedule for offenses
 - Failure to submit information
- Grease Interceptors
 - Address use of interceptors uses in parallel/series

Training for Haulers

- Currently not being provided by the City
 - Available to meet with FSEs/haulers
- Des Moines WRA performs training
 - Topics covered are pertinent to City of Ames Program
- 17 of 18 have received training
 - 98% of the work performed in Ames

Receiving Hauled Waste

- Reduced fees by ~87%
- Increase in volume is expected
