To the Ames City Council:

OCT 27, 2021

Thank you all for your time and engagement at the first joint city council-student government meeting of the year! We appreciate your commitment to the Ames and Iowa State communities.

The discussion yielded many positive action items and a creative flow of ideas about sustainability, creating safer communities, mental health support, and increased engagement in the Ames community. We look forward to future conversations!

Thank you and go Cyclones!
