Subject: Request to Change Transit Agency Ordinance Language

[External Email]

Mark,

As we discussed, due to some organizational restructuring at the University, some units previously reporting to Pam Cain, are now reporting to me as General Counsel and Chief Risk Officer. The organizational changes have moved the responsibility to be the University's representative on the Transit Board to my position. Accordingly, President Wintersteen has appointed me to fill the Transit Board position on behalf of the University. The language of City Ordinance 26.A.C.3 regarding the University's representative on the Transit Board will need to be changed to reflect this change, as my title does not contain "Vice President". Would you please ask the City Council to make this technical change to the ordinance to accommodate this change at the University. Thank you.

Michael E. Norton
University Counsel
