[External Email]

There are many citizens who are calling for flashing lights or some other type of traffic warning at the intersection in Somerset (Aspen, Northridge and Stange).

It is of particular concern due to the curve on Stange that causes issue for people turning left off of Northridge and crossing pedestrians. The school bus and Cyride also stop nearby. I have watched children trying to cross and it's terrifying.

Please address this issue with flashing lights or other deterrents of speeding cars. The signs with YOUR SPEED don't seem to slow anyone down.

I don't live in the neighborhood but im frequently up there for vet, restaurants, chiropractor etc.

Thank you for your consideration on this matter
