**Subject:** Presentation on Ranked Choice Voting

[External Email]

Hi Mayor Haila and Members of the City Council,

I am an Ames resident and co-founder/president of Better Ballot Iowa, a volunteer-led Ranked Choice Voting (RCV) education group. We're a rapidly growing organization, with thousands of supporters throughout the state and we are presently focused on municipal adoption of RCV.

Even though this issue is new to Iowa, it's gaining ground throughout the country and has a lot of potential to improve local (and national) politics.

I had a great conversation with Councilman Gartin and he suggested that the Council might be interested in learning more.

I would be happy to give a special presentation to the Council. My typical talk length is about 30 minutes + questions but I could adjust to meet your needs.

Please let me know if you are interested. I'd love to talk more with you all.

Best,  
Matt Wetstein
