SUBJECT: Appointments to City Boards and Commissions

Attached is a listing of the City's various boards and commissions that have upcoming vacancies and the names of individuals I propose to be appointed to fill the openings. I continue to be pleased with the qualifications of the residents who applied for open positions. I continue to look for qualified and interested candidates to fill a few remaining openings.

On the accompanying list, those with an asterisk (*) by their names are individuals who are currently serving on that respective board or commission and are eligible to be reappointed.

The application review and selection process included both the department heads that work with the respective board or commission and me reviewing each application. We then compared notes. Staff is comfortable with the proposed list of recommended appointees.

Should you have any questions on one, or several of the applicants, please let me know. Jeramy Neefus also has all appointee applications on file should you wish to review them.
