Subject: A review of my meeting with th Art Commission

[External Email]

Hello to the Honorable Mayor and Council Members,

It was a good opportunity to meet with the Art Commission members at their meeting this past Tuesday evening. I appreciated being able to hear their point of view and how they came to their decision.

I see that a news article in the Tribune came from that. Overall, though, I am sure that we can come to a compromise about eliminating a few of the pillars that are considered "hazardous" by their standards.

In the meantime, more petitions are being turned in to me from around the community. I will turn in copies of the 186 we have so far. Please take some time to read the comments from these various people. It is also good to notice that many people are aware of these historic, educational pillars who live out of town, but visit here for shopping, various services, and entertainment events. Good precedent for Ames.

Sincerely,
Valerie Stallbaumer

1 Kathy Oliver	1601 Wilson Ave, Webster City IA 50595	we love these pillars. Not only are they attractive, they look like Ames is proud of their city + care about quality.
2 Robert E. Oliver	1601 Wilson Ave Webster City	The pillars are beautiful and informative. Any city would be proud to have them.
3 Dixon M Lewis	1002 Brookridge Ave Ames	a unique bit of history -
4 Sharon Coulson	313 E. 13 th St., AMES, IA. 50010	The pillars are so much a part of downtown and provide little glimpses of Ames past that removing them would take away that special history
