

This Purchase Agreement (together with all attachments referenced herein, the “Agreement”), made and entered into by and between Reliant Fire Apparatus, Inc., a Wisconsin corporation (“Reliant”), and the City of Ames, Iowa (“Customer”), is effective as of the date specified in Section 3 hereof.

1. Definitions.

- a. **“Product”** means the fire apparatus and any associated equipment manufactured or furnished for the Customer by Reliant pursuant to the Specifications.
- b. **“Specifications”** means the general specifications, technical specifications, training, and testing requirements for the Product contained in the Reliant Proposal for the Product prepared in response to the Customer’s request for proposal.
- c. **“Reliant Proposal”** means the proposal provided by Reliant attached as Exhibit C prepared in response to the Customer’s request for proposal.
- d. **“Delivery”** means the date Reliant is prepared to make physical possession of the Product available to the Customer.
- e. **“Acceptance”** The Customer shall have the opportunity, as described in Section 9(b) below, to inspect the Product for substantial conformance with the material Specifications; unless Reliant receives a Notice of Defect within the time frame described in Section 9(b), the Product will be deemed to be in conformance with the Specifications and accepted by the Customer.

2. Purpose. This Agreement sets forth the terms and conditions of Reliant’s sale of the Product to the Customer.

3. Term of Agreement. This Agreement will become effective on the date it is signed and approved by both Customer and Reliant (“Effective Date”) and, unless earlier terminated pursuant to the terms of this Agreement, it will terminate upon the Customer’s Acceptance and payment in full of the Purchase Price.

4. Purchase and Payment. The Customer agrees to purchase the Product specified on Exhibit A for the total purchase price of \$1,019,302.00 (“Purchase Price”). Prices are in U.S. funds. Accepted forms of payment include cash, check, money order, wire transfer, or ACH payment. Credit card or purchase card (P-Card) payments are not accepted.

5. Future Changes. Various state or federal regulatory agencies (e.g. NFPA, DOT, EPA) may require changes to the Specifications and/or the Product and in any such event any resulting cost increases incurred to comply therewith will be added to the Purchase Price to be paid by the Customer. In addition, any future drive train upgrades (engine, transmission, axles, etc.), or any other specification changes have not been calculated into our annual increases and will be provided at additional cost. To the extent practicable, Reliant will document and itemize any such price increases for the Customer.

6. Agreement Changes. The Customer may request that Reliant incorporate a change to the Products or the Specifications for the Products by delivering a change order to Reliant; provided, however, that any such change order must be in writing and include a description of the proposed change sufficient to permit Reliant to evaluate the feasibility of such change (“Change Order”). Within [ten (10) business days] of receipt of a Change Order, Reliant will inform the Customer in writing of the feasibility of the Change Order, the earliest possible implementation date for the Change Order, of any increase or decrease in the Purchase Price resulting from such Change Order, and of any effect on production scheduling or Delivery resulting from such Change Order. Reliant shall not be liable to the Customer for any delay in performance or Delivery arising from any such Change Order. A Change Order is only effective when counter-signed by Reliant’s authorized representative. Manufacturer and/or supplier cost increases or surcharges imposed after the time of contract execution, beyond the control of Reliant, that have not been calculated into the contract amount will be documented and itemized as increases for the Customer on the Change Order.

7. Persistent Inflationary Environment Changes. If the Producer Price Index of Components for Manufacturing [www.bls.gov Series ID: WPUID6112] (“PPI”) has increased at a compound annual growth rate of 5.0% or more between the month Pierce accepts our order (“Order Month”) and a month 14 months prior to the then predicted Ready For Pickup date (“Evaluation Month”), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month. The seller will document any such updated price for the customer’s approval before proceeding and provide an option to cancel the order.

8. Cancellation/Termination. In the event this Agreement is cancelled or terminated before completion, Reliant may charge a cancellation fee. The following charge schedule based on costs incurred may be applied: (a) 10% of the Purchase Price after order is accepted and entered by Reliant; (b) 20% of the Purchase Price after completion of approval drawings, and; (c) 30% of the Purchase Price upon any material requisition. The cancellation fee will increase accordingly as costs are incurred as the order progresses through engineering and into manufacturing. Reliant endeavors to mitigate any such costs through the sale of such

Product to another purchaser; however, Customer shall remain liable for the difference between the Purchase Price and, if applicable, the sale price obtained by Reliant upon sale of the Product to another purchaser, plus any costs incurred by Reliant to conduct any such sale.

9. Delivery, Inspection and Acceptance. (a) Delivery. Delivery of the Product is scheduled to be within approximately 46.5-49.5 months of the Effective Date of this Agreement, F.O.B. Ames Fire Station #2: 132 Welch Ave., Ames, IA 50014, Risk of loss shall pass to Customer upon Delivery. Any delivery date contained herein is a good faith estimate as of the date of this order/contract, and merely an approximation based on current information. Delivery updates will be made available during process, and a final firm delivery will be provided when committed. (b) Inspection and Acceptance. Upon Delivery, Customer shall have fifteen (15) days within which to inspect the Product for substantial conformance to the material Specifications, and in the event of substantial non-conformance to the material Specifications to furnish Reliant with written notice sufficient to permit Reliant to evaluate such non-conformance (“Notice of Defect”). Any Product not in substantial conformance to material Specifications shall be remedied by Reliant within thirty (30) days from the Notice of Defect. In the event Reliant does not receive a Notice of Defect within fifteen (15) days of Delivery, Product will be deemed to be in conformance with Specifications and accepted by Customer.

Any required or permitted notices hereunder must be given in writing at the address of each party set forth below, or to such other address as either party may substitute by written notice to the other in the manner contemplated herein, by one of the following methods: hand delivery; registered, express, or certified mail, return receipt requested, postage prepaid; or nationally-recognized private express courier:
