

MEMO

To: Mayor and City Council
From: John Joiner, P.E.; Public Works Director
Date: June 14, 2024
Subject: Code Enforcement Provisions

BACKGROUND:

In reviewing sections of the Municipal Code, it was found that certain chapters need additional language to support enforcement of the respective provisions and requirements. The two recently noted are Chapter 5B (Post Construction Stormwater Management) and Chapter 22A (Use of City Right-of-way by Right-of-way Users).

Staff from Public Works and Legal departments have met and determined that minor updates and/or additions to each chapter will provide the necessary enforcement language. These changes will bring the enforcement provisions of these chapters into alignment with other comparable chapters. The penalties would be \$500 for first violations and \$750 for repeat violations.

REQUESTED CITY COUNCIL DIRECTION:

It is requested that City Council direct the Legal Department to bring for consideration on a future City Council agenda, proposed ordinance updates to align the enforcement provisions of Chapters 5B and 22A with comparable sections of the Municipal Code.
