

7/25/24

Mayor John Haila / Annee city Council,
Covenant / Agreement for Annexation for 2126 State Ave.

I have talked to an attorney and did all I can to know my rights, which I know I don't have any. ③ I know that there is time before you need to force the agreement before it dissolves. You have many years left before that time, so I ask for an extension on when the annexation process begins.

My neighbor and I need some time to get our ducks in a row and figure out all the expenses and people we need to have involved in this annexation. Also, personally this Annexation could not of hit ③ a worse time cause, I just recently had to move into this house to be closer to my kids and I am just getting back on my toes. I also have been planning/in the process of remodeling the property which is a stressful process and costly. Also, I am getting married this year as well, so trying to take on one more unexpected cost and issue is not good right now. Also, dealing with a serious noise issue from the new ISU Feedmill that just went into operation.

It sure would be nice if we could of had some time to process and plan for this, instead of just 30 days. It would be great to give us 18 months to plan and get all the items in place for an easy shift to the city of Annee.

Annee is a great Community and has been great for my kids/I.
Thank you for taking the time to read this and consider working with us.
