COUNCIL ACTION FORM

SUBJECT: **2024/25 PAVEMENT RESTORATION - SLURRY SEAL PROGRAM**

BACKGROUND:

The Pavement Restoration Program is an annual program applying a variety of preventative and proactive maintenance techniques to preserve and enhance street pavements. The techniques in this program are typically more specialized or larger in scope than can be performed by City maintenance staff.

The Slurry Seal Program levels joints and provides a new thin wearing surface for traffic, predominately on residential streets, limiting the typical disruption to residents to no more than one day.

On April 2, 2025 bid for the project were received as follows:

<u>Bidder:</u>	<u>Bid:</u>
<i>Engineer's Estimate</i>	<i>\$250,722.50</i>
Fort Dodge Asphalt Company	\$231,228.20

There is \$300,000 of Road Use Tax funding allocated to this program in FY 2024/25 in the Capital Improvements Plan. **Funding has been carried over from previous fiscal years resulting in \$315,849 available for this project.** A list of proposed locations for this work is attached.

ALTERNATIVES:

1. The City Council can approve the following:
 - a. Accept the report of bids for the 2024/25 Pavement Restoration - Slurry Seal Program.
 - b. Approve the final plans and specifications for the project and award the 2024/25 Pavement Restoration - Slurry Seal Program to Fort Dodge Asphalt Company, LC of Fort Dodge, IA in the amount of \$231,228.20.
2. Direct staff to make changes to the project.

CITY MANAGER'S RECOMMENDED ACTION:

This project will repair and extend the lifespan of streets in the program and provide a better traveling experience for users of the corridors and for those living in the neighborhoods. Therefore, it is the recommendation of the City Manager that the City Council adopt Alternative No. 1, as described above.
